

## Stamps Not Recorded As Perfins Bulletin 267/268

The only new stamp to be deleted this month from your December '93 Bulletin list is the 1873-80 Large Coloured Corner Letters - Wmk Large Garter - 8d purple-brown plate 1. I, Editor, was fortunate to find this at Stampex. It has a new die, 'D&S', and although the stamp is off cover, it can be positively identified because it has the special cancellation DS/F in lined oval of William Dawson and Sons.
